

## 2024/25 CENTRALLY COORDINATED INTERPROFESSIONAL EDUCATION EVENTS CALENDAR

### Level 1 SITEs (Skills for Interprofessional Team Effectiveness)<sup>1</sup>

RELEASE DATES <sup>2</sup>	DESCRIPTION	CIHC COMPETENCIES <sup>3</sup>
<b>SITE 1.1</b> (4 hrs.)  Oct. 21, 2024 Oct. 28, 2024	<p><b>PERSON-CENTRED CARING</b></p> <p>Healthcare is about <i>caring</i>—caring about the people who come to you for assistance, their close ones and communities, your colleagues, and yourself. In this introductory-level SITE you have the opportunity to work with three to four colleagues from other professional programs to practice interprofessional communication and team skills as you focus on a clinical scenario.</p> <p><b>Activities using the clinical case</b></p> <p>Preparation/Pre-work            Team Tasks [Develop practical tips for healthcare professionals, review of case notes, patient communication]            Team Reflection            Individual Reflection</p>	<p><i>Role Clarification</i></p> <p><b>Team Functioning</b></p> <p><b>Interprofessional Communication</b></p> <p><b>Person/Family/Community-Centred Care</b></p> <p><i>Interprofessional Conflict Resolution</i></p> <p><i>Collaborative Leadership</i></p>
<b>SITE 1.3</b> (4 hrs.)  Feb. 10, 2025 Feb. 24, 2025	<p><b>RECONCILIATION IN ACTION</b></p> <p>In this SITE, working with foundational principles of reconciliation, you will work with an interprofessional team on a community-based scenario in Northern Saskatchewan. The focus is on effective communication and team skills that are directly linked and applicable to professional competencies. Working with your teammates on a clinical scenario, you will focus on reconciliation and the skills and attitudes that lead to relationship-centred caring with individuals and communities.</p> <p><b>Activities using community-based scenarios</b></p> <p>Preparation/Pre-work            Team Tasks [Root cause analysis, applying Salutogenic upstream approaches, identifying next steps]            Team Reflection            Individual Reflection</p>	<p><i>Role Clarification</i></p> <p><b>Team Functioning</b></p> <p><b>Interprofessional Communication</b></p> <p><b>Person/Family/Community-Centred Care</b></p> <p><i>Interprofessional Conflict Resolution</i></p> <p><b>Collaborative Leadership</b></p>

<sup>1</sup> SITE is the acronym for Skills for Interprofessional Team Effectiveness. Level 1 SITEs require four hours and are more introductory in nature. To allow for more complexity, Level 2 SITEs require six hours. SITEs are independent in that learners can attend them in any order. Concepts and skills are reinforced but not duplicated. The first digit in a SITE listing indicates the level of the event. The second digit indicates the order they are released in the academic year (i.e., "SITE 1.2" is the second Level 1 SITE event).

<sup>2</sup> "Release Date" is the Monday of the week on which the event goes live on and is accessible on IPECT. The event closes on Friday of that same week and moves into "Past" in IPECT events. Events are never "closed" or made inaccessible. They are always available for learners to access as part of IPECT's portfolio function. For more information on the IPECT platform, please visit <https://ipectapp.com/>.

<sup>3</sup> All [six competency domains in the Canadian Interprofessional Health Collaborative's \(CIHC\) national framework](#) are integrated into all SITEs to some extent. **Foregrounded competencies are bolded.**

## Level 2 SITEs (Skills for Interprofessional Team Effectiveness)

RELEASE DATES	DESCRIPTION	CIHC COMPETENCIES
<b>SITE 2.1</b> (6 hrs.)  Sept. 23, 2024 Sept. 30, 2024 Oct. 7, 2024	<p><b>SPEAK UP! COLLABORATION, CANDOR, AND CUS WORDS</b></p> <p>It is not always easy to speak up candidly in the moment with colleagues, but that is what is required for effective teamwork! In this SITE, you will practice methods that help make speaking up more natural while you collaborate on a clinical case with your team.</p> <p><b>Activities using a clinical case</b></p> <p>Preparation/Pre-work            Team Tasks [Develop Care Plan]            Team Reflection            Individual Reflection</p>	<p><i>Role Clarification</i>  <b>Team Functioning</b>  <b>Interprofessional Communication</b>  <b>Person/Family/Community-Centred Care</b>  <i>Interprofessional Conflict Resolution</i>  <i>Collaborative Leadership</i></p>
<b>SITE 2.2</b> (6 hrs.)  Jan. 13, 2025 Jan. 20, 2025 Jan. 27, 2025	<p><b>NAVIGATING RELATIONSHIP-CENTRED CARING</b></p> <p>In SITE 2.2, you will have the opportunity to practice the teamwork skills of compassionate listening and receiving and giving feedback as you work through (1) creating and delivering an SBAR and (2) developing a concept map of care for an older adult with your interprofessional team.</p> <p><b>Activities using a clinical case (video) and chart notes as well as e-health record</b></p> <p>Preparation/Pre-work            Team Tasks [SBAR, detailed Care Plan]            Team Reflection            Individual Reflection</p>	<p><b>Role Clarification</b>  <b>Team Functioning</b>  <b>Interprofessional Communication</b>  <b>Person/Family/Community-Centred Care</b>  <i>Interprofessional Conflict Resolution</i>  <i>Collaborative Leadership</i></p>
<b>SITE 2.3</b> (6 hrs.)  March 10, 2025 March 17, 2025 March 24, 2025	<p><b>HARM REDUCTION</b></p> <p>Substance use impacts all of us in one way or another – it can, and odds are it <i>will</i>, touch your personal <i>and</i> professional lives. Due to the dramatic climb in harms and overdose deaths for people across North America, healthcare professionals must understand and advocate for harm reduction ... that is why this SITE has been created. It brings together two essential pieces for promoting the health and well-being of people in our communities – team collaboration joined with harm reduction principles.</p> <p><b>NOTE:</b> SITE 2.3 is 6 hours in total over three weeks. Please register for all three weeks to successfully complete this event.</p> <p><b>Activities using a clinical case / scenario</b></p>	<p><b>Role Clarification</b>  <b>Team Functioning</b>  <b>Interprofessional Communication</b>  <b>Person/Family/Community-Centred Care</b>  <b>Interprofessional Conflict Resolution</b>  <b>Collaborative Leadership</b></p>

	Preparation/Pre-work Team Tasks [generate specific strategies to create safer spaces for patients, share community resources, script two compassionate statements, highlight opportunities for interprofessional collaboration] Team Reflection Individual Reflection

### Real People, Real Experiences Series<sup>4</sup>

RELEASE DATES	DESCRIPTION	CIHC COMPETENCIES <sup>5</sup>
<b>Real People, Real Experiences 1:</b> Sept. 16, 2024 (90 min)	What do individuals and their close ones experience when they reach out for healthcare? In this interprofessional event, we learn first-hand from our guests who share their perspectives on their healthcare experiences. Join this remote session to gain perspectives on healthcare as experienced by patients and or their families, work with interprofessional teams, and practice your interprofessional skills!  Note: All “Real People, Real Experiences” events follow a similar format.  <b>Activities based on a person’s healthcare experience</b>  Preparation/Pre-work Team Tasks [include create timeline of events/interactions, concept maps of care, identify healthcare providers involved, generate a follow up question for the guest presenter] Team Reflection Individual Reflection	<i>Role Clarification</i> <b>Team Functioning</b> <b>Interprofessional Communication</b> <b>Person/Family/Community-Centred Care</b> <i>Interprofessional Conflict Resolution</i> <i>Collaborative Leadership</i>
<b>Real People, Real Experiences 2:</b> Oct. 21, 2024 (90 min)		
<b>Real People, Real Experiences 3:</b> Nov. 18, 2024 (90 min)		
<b>Real People, Real Experiences 4:</b> Jan. 20, 2025 (90 min)		
<b>Real People, Real Experiences 5:</b> Feb. 10, 2025 (90 min)		
<b>Real People, Real Experiences 6:</b> March 3, 2025 (90 min)		

<sup>4</sup> Real People, Real Experiences was formerly known as the Patient and Family Narratives. Each event is scoped at 90 minutes over one week.

<sup>5</sup> All [six competency domains in the Canadian Interprofessional Health Collaborative’s \(CIHC\) national framework](#) are integrated into all “Real People, Real Experiences” events. **Foregrounded competencies are bolded.**
